Through the efforts of its faculty and students in the past fifty years, Washington High School has earned an honored place in the community, gaining its reputation on the basis of high standards of personal conduct and scholastic achievements. It is the duty of our generation and those who follow to equal these accomplishments and perhaps surpass them. Because actions reflect the quality of education, the standing of the school depends on our steadfastness of purpose and loyalty to ideals. We hold in our hands the responsibility of carrying on the tradition of Washington High School and keeping its spirit alive.

Washington High School's faculty have always been known for the diligence and efficiency with which they perform their duties. By stressing achievement and by judging work critically and constructively, they have established high standards for students' work. Their help, encouragement, and inspiration are instrumental factors in formulating the plans and ambitions of many students. It is important that this quality of teaching continues, since it is the foundation on which the future of the school rests. With their hands, teachers will mold not only the personalities of the individual students, but also the reputation of the entire school.

MR. ARLIE A. SCHARDT

Principal

The past school year marks the completion of a half century of progress in education, character development, and wholesome social life at Washington High School. Here have been presented continually the kinds of instruction and the refining influences which instill habits of earnest work, moral uprightness, and rational self-control. During this span of years, Washington has sent forth a host of graduates with a preparation and a spirit which have served them well in the world. Proud of what has been accomplished during the previous fifty years, let us press forward to make an even better Washington.

In Memoriam

MR. NOAH SHAPIRO

A lively sense of humor, a deep understanding of human nature, and a true dedication to teaching, characterized Mr. Noah N. Shapiro. Of the thirty years he devoted to the Milwaukee Public School System, ten were spent teaching biology at Washington. Due to his avid interest in science, he served as advisor to the Science Club, giving much of his spare time to projects and field trips. Mr. Shapiro fully realized the importance of education in a free society and did everything possible to increase his vast store of knowledge. Throughout his many years as a teacher, he never ceased to play the roll of a student. His loss will long be felt.

IN TRIBUTE

MR. FRED PICHOTTE

With the retirement of Mr. Fred Pichotte, school engineer for eighteen years, Washington lost a dedicated worker. Mr. Pichotte took great pride in the upkeep of the school, and its neat appearance was proof of the efficiency with which he performed his duties. In addition to co-ordinating the maintenance work of the building, he co-operated with all who sought his help. Students and teachers alike found him to be friendly and sincere. During his years of service at Washington High School, Mr. Pichotte demonstrated loyalty, and never failed to keep the school's best interests as his prime objective.

During the past fifty years the curriculum of Washington High School has had to adjust and grow in order to meet the needs of its expanding student body and a very progressive society. To retain its position of leadership, the school must continue to vary its program and improve its facilities. Since students are being furnished with training which will aid them not only in their work, but in their personal lives as well, those who take advantage of all the opportunities offered to them and strive to profit from their education, may be assured of a prosperous future. They can build with their hands a solid groundwork on which to base their hopes and dreams.

BATTER BE EGGSACT!

WAIT FOR THE AFTERMATH.

HAS HE GONE YET??

The many services rendered to Washington High School in its first half century of existence have been important elements in the efficient administration and coordination of the school. Performing their duties in varied fields, these workers provided an unusual example of self-government and an outstanding record of cooperation. By continuing to assume these positions of leadership and responsibility, today's student can preserve Washington's tradition of democracy as well as insure its smooth functioning. If they work together with the school's improvement as their goal, these volunteers will make essential contributions to its welfare and success. With their hands they must guide and direct the activities of their fellow students.

Extra curricular activities have always played a major role in the lives of Washington students as well as in the program of the entire school. These organizations allow students to work closely together and provide an opportunity for the display of originality and ingenuity which are vital for mature citizenship. In the future, these clubs will continue to maintain their varied activities, encompassing as many vast fields of interest as their students represent. Participants will be assured of a more well-rounded program, and as a result, a more successful school career. With their hands, members will open many doors to new, interesting, and profitable experiences.

Athletics have been an important part of Washington High School life since the school's beginning over fifty years ago. Because participation provides an opportunity for character growth as well as physical development, sports are considered an essential factor in a profitable school career. In the time to come, while continuing to teach good sportsmanship and self-discipline competitive sports will be sources of added pleasure and enjoyment. By creating an exciting, stimulating atmosphere and inspiring school loyalty and pride, they will help to maintain the sincere interest which students and alumni alike take in their school's activities. In the players' skillful hands rests the task of representing the spirit of Washington High School to the community

Varsity Football

1961 was the year for Washington's football team. The team won an undisputed title with an 8-0 record. It was the first unbeaten season for Washington since 1945.

The championship honors are the 15th for the Purgolds since 1921. Of those titles, seven are undisputed. The perfect record gave Washington its first football crown since 1954.

The big thing about this team was its ability to come back after being tied or behind at half-time. This trait was shown in both the South and Lincoln games.

At the end of the season, Ray Tevich, Dennis Williamson, Bob Barondess, and Will Warren received All-City honors. Jerry Zvara placed on the second All-City teams. John Laatsch was elected captain for next year.

The 1962 season will be a defending champion season. Coaches Polczynski and Kirchen will be looking for their second in a row. The team also hasn't lost a game since the first game of the 1960 season. The prospects of a good varsity season next year are encouraging.

The 1961 Sophomore Football Team compiled a 5½-½ season record. In doing so, they soundly shellacked all but one conference team, which they tied. The prospect is promising, and you can bet they will be trying hard to extend the fifteen-straight-game winning streak which the 1960 and 1961 Varsity Teams compiled.

VARSITY SWIMMING

The 1961-1962 swimming season was a successful one for newly found Coach Petersen. The team climaxed their season by winning the Little City Meet. For this fine job, Coach Petersen treated the winning squad to a steak dinner which fulfilled a bet he had made earlier with them. Here's hoping Coach Petersen will have to fulfill another bet next year.

1962 Track

The outlook in early May on Coach Ahl's 1962 cindermen proved to be more than promising. Having completed six track meets up to May 14, Washington won all but the Shorewood Relays, in which they finished second to the defending state champions, Whitefish Bay.

Spearheaded by Captain Bob Artel, who has the fastest low hurdle time in the state thus far (19.9) and who has broken his own school record in the quarter mile with the remarkable time of 51.4, Washington had promises of one of their greatest track seasons.

Victorious in the City Indoor Meet, the Purgolders had some great individual performances. Artel won the low hurdles, tying the city record (5.6), and took second in the high hurdles while Ken Adam and John Hummel took the first and second places in the high jump respectively, both jumping 5′11¾″.

The eighteen lap relap team composed of Terry Paul, Jeff Potter, Jim Rakocy, and Mike Walsgrove also took first with a performance that tied the record (5:34.6).

Besides winning the City Indoor Meet and taking second in the Shorewood Relays, Washington swept dual meets with Pulaski and Tech, and the North Side Quadrangular.

Fulfilling all predictions, Washington easily won the City Relay Meet with 76 points. Custer scored second with 60. Our four mile relay team, composed of J. Rakocy, E. Crebins, T. Pagac and B. Fraser, broke the record with the time of 19:10.3. Firsts were also won in the high and low hurdles and the 880 yard relay. (Seconds were made in high jump, discus, 440 yard relay, and the pole vault.)

With an unusually large membership of enthusiastic participants, the Girls' Athletic Association of Washington High School is becoming increasingly popular.

Under the direction of Mrs. Carol Miller and Mrs. Joyce Klarner Potochnik, the girls participate in such sports as volleyball, basketball, badminton, bowling, golf, tennis, and swimming.

In addition to the many opportunities offered, those girls who show above average enthusiasm and participation are awarded the title of High Point Girls of the year.

The senior classes which have graduated from Washington High School since 1915 have established many impressive and inspiring traditions. Contributing both materially and academically to the school's development, they have left countless reminders of their many achievements. In order to fulfill Washington's educational aims and concepts, graduating classes must strive for goals in keeping with their school's traditions. If seniors continue to present outstanding records in all fields of school life and assume forceful leadership in all activities, they may be assured that they will successfully live up to Washington's standards In their hands they possess the keys which can, if used wisely, unlock all doors.

As the years have progressed, so has Washington High School, changing with the needs and interests of its students. A well-balanced program emphasizing not only increased scholastic achievement, but also greater participation in the informal aspects of school life has been established during the past fifty years. Through the continued cooperation of both the faculty and student body, this carefully laid plan will be continued and improved upon. The quality of education which future generations will receive depends largely on the ability of the present generation to carry out the hopes and ideals of Washington's founders. Our hands can reach out into the future and make dreams living reality.

Cathy,

We have known each other for many years. I hope we stay friends for many more. We had lots of fun together mostly the four of us. I hope just because I'm not going steady that it will not break up our friendship. Boy the times that we could talk about and laugh at what we did. I hope that you and Bob stay together forever. You two are ~~made~~ made for each other. I hope to see you and Bob this summer, maybe we could do something together. I don't want our friendship to go out the window. I wish you all the best in the world. Stay pretty and sweet. Good luck with you and Bob. Maybe we'll be in a class together next year.

May God Bless You

This summer will
mark the thirteenth each
year we've known each
other and thats a pretty long
time. Its funny not seeing your
mother puttering around in the yard
or ~~to~~ some running to the house. I have to
your house. Some and than to
they were fun. I'll always remember
you and your family. Be good always
Good Luck. Barb

Hi Kathy
Don't forget
the blasts, food and

Cathy,
To a real swell kid I owe know since Staubenville (way back when). Remember how we sweated Geometry? That's a nightmare! I hope to be in some of your classes next semester.
Love, Maureen Lipton

Cathy,
What a pain you caused in Clothing class occasionally this semester. You've got a wonderful sense of humor which I really admire. Keep smiling and being a nice as you are. Good luck at Washington. Have a wonderful summer, and I hope will meet again in September.

Cathy,
Best of luck always to a
real sweet kid. We've had
lots of fun in Cloth. this
semester. Remember the time
we doubled and tryed to find
a bowling alley? We've had
fun discussing Bob and Jim
when we should have been
sewing. Hope to see you this
summer and don't forget to
be good, - and good to Bob.
Love & Luck,

Hi Cathy,
Hope you have a
nice summer. Its
been fun with you
in English and I
hope you stay as
sweet as you are.
Lots of Luck,
Shirley

Cathy!

Even though we have known each other for two years, it has only been recently that we have become such close friends.

The times that me and Tommy doubled with you and Bobby, we all had a riot. You and Bobby make an adorable couple & I'm sure you'll make a wonderful marriage together. Maybe we can have a double wedding. If not don't forget: your standing up for <u>Mine</u>!!

Always stay as sweet, pretty, & good as you are now and you'll never have any trouble in life, Cathy.

I hope we can <u>always</u> remain good friends.

May God bless you & keep you forever. And may you always walk in the path of sunshine & happiness. (Bobby, too!)

Your Best Friend
(If you want me)
Judy

P.S. I'm really looking forwards to our weekend in Baltimore & all the fun we're going to have this summer!

Cathy,

It's been a long, long time since we've known each other. I hope that when you think of all our memories you think of the happy times not the sad. School is now coming to a close but still yaw, Judy, & I have a beautiful summer to look forward to. Next year, of course, is our last year and after graduation we'll all go our own ways, perhaps to work, or in Judy's case to be married. But let's not let that interfer with a friendship that has been warm through these years.

As soon as school is out we'll have to go out and celebrate just the three of us (this could prove interesting).

Be sure to take good care of your one and only and I hope God Bless you both.

As Ever just me,

Kaylee
